

GUIDELINES FOR POSTER PRESENTERS

Poster Presenters should note the following guidelines:

- ◇ A small sign with the number of the poster will be located at each display space, confirming the correct location.
- ◇ Poster-boards will be available for poster display. It is encouraged that the display materials be mounted on heavy weight paper or boards so as not to damage the materials when the posters are being dismantled at the end of the meeting. Pushpins will be provided.
- ◇ The maximum size allowed for each scientific poster is 3.5' high by 5.5' wide. (horizontal/landscape orientation) Posters may be smaller but should not exceed past this size limit.
- ◇ The display areas will be made available for posting on **Saturday afternoon, December 1, at 3:00pm.** Authors are requested to have their posters in place before the Welcome Reception at **7:00pm.**
- ◇ Posters will be up continuously for display until **Wednesday, December 5, at noon.**
- ◇ Poster authors are reminded to disclose any financial interests in companies or products on their poster.
