**Alan E. Kimura, MD, MPH**

Former Managing Partner, led practice transformation alongside the practice Administrator from 2018-2021, using Lean tools. Leveraging experience with Lean to transform retinal clinic workflows, the practice next used Lean to improve subspecialty workflows in uveitis, oncology, and inherited retinal diseases. Most recently Lean tools were applied to reduce waste in revenue cycle management workflows. Co-Presenters are subject matter experts in contracting and revenue cycle management.
