#### People:

Title: Compassionate Care

Description: Kindness is something that the blind can see and the deaf can hear. Look at these eyes and you will see the compassion, experience, intellect, confidence, and technical expertise of this extraordinary ophthalmic technician. Taken between patients with an iPhone6.

#### Places:

Title: Echoes of War

Description: Siblings walk the beach at Archachon, France amidst seaweed-covered crumbling artillery bunkers still on duty against invaders. Graffiti and blurred reflections echo a world at war and a fear that our youth may once again be caught by relentless tides.

#### Nature:

Title: Royal Perfection

Description: *Chrysanthemun indicum* is indigenous to India but its many cultured variations make it popular around the world. Perfect exposure and depth of focus highlight this spectacular jewel. From the gardens of the imperial summer residence, Schoenbrunn Palace, Vienna, Austria.

#### Art:

Title: 25SEPT2015: Earth Blinds Supermoon

Description: Rapidly moving, scattered clouds scud across the sky giving a dynamic ghost-like appearance as the moon is relentlessly eclipsed by the Earth's shadow. Clouds capture the rust-color reflection of a giant "supermoon" to create this rare haunting image.
