## **Shawna Bowers, CCRC**

Shawna Bowers, CCRC, is a clinical research professional with 22 years of experience in private research settings. Extensive expertise across Phase Ib–IV clinical trials with a strong background in oncology, ophthalmology, immunology, gastroenterology, hematology, and gynecology. Proven leader in research operations, site management, regulatory compliance, and cross-functional team coordination. Outside of work, Shawna enjoys spending time outdoors with her family and traveling for medical humanitarian missions.
