

# Don't Jeopardize My Eyesight Call to Action: Contact Congress

## Messaging tips for emailing your members of Congress:

### Tailor the following message to reflect your situation.

**Email subject line:** Don't Jeopardize My Eyesight: Stop Most Favored Nation Policy

Dear [Name of member of Congress]

I am one of your constituents and an Original Medicare beneficiary. I am deeply concerned that the Most Favored Nation policy will jeopardize my eyesight by limiting access to the medicine I need to maintain my vision. I urge you to act and block the MFN policy immediately.

[Insert your personal story explaining why you must have access to either Lucentis or Eylea].

The MFN policy will reduce payment for Medicare physician-administered Part B drugs (including Eylea and Lucentis) to align with the lowest price found in comparable countries. As a result, my retina specialist will have to pay more for these drugs than Medicare will reimburse.

This flawed policy creates a difficult situation in which my retina specialist will be forced to choose between financial stability and my care.

Please pass legislation immediately to protect my access to sight-saving drugs for my retinal condition.

[Insert your name and address]
