

Jose Agustin Martinez, MD, FASRS

Jose Augustin Martinez, MD, FASRS, attended the University of Texas at Austin where he graduated with Honors and was awarded the Most Outstanding Male Student Award in 1983 for his studies and extracurricular involvement. He received his MD degree from the University of Texas Southwestern Medical School in Dallas. He went on to complete his residency in ophthalmology from Emory University School of Medicine where he was chosen by his peers to serve as chief resident. He completed his training in vitreoretinal surgery at Bascom Palmer Eye Institute.

He has practiced as a vitreoretinal surgeon in Austin Texas since 1993. He has served as Austin Retina's President and Managing Partner since 2005 where he enjoys working with a group of talented and gracious physician colleagues and an amazingly generous and proficient staff. His areas of interest include effective team-based leadership, lean process improvement in healthcare, and teleretinal screening for diabetic retinopathy.
