

Linda A. Lam, MD, MBA

Dr. Linda A. Lam is Vice Chair of Satellite Clinical Affairs and Professor of Clinical Ophthalmology at the USC Keck School of Medicine. She graduated with honors in Neuroscience at Brown University. Dr. Lam received her medical degree with honors at Cornell University Medical College, where she also completed a research fellowship on retinal cell physiology. She completed her residency at Cole Eye Institute at Cleveland Clinic, before her fellowship at Georgetown University Hospital and Retina Group of Washington.

Dr. Lam is Medical Director of USC Roski Eye Institute Arcadia. She also is a graduate of the executive MBA program at the USC Marshall School of Business. Serving as Vice Chair in the academic landscape and management in the private start-up marketplace, she is involved in business development, strategy and operations. She has experience in market strategy and enhancing operational efficacy in health care. She is a lecturer in the Executive MBA and Entrepreneurship Program at the USC Marshall Business School.

She serves on American Academy of Ophthalmology (AAO) Board on Vision Rehabilitation and American Society of Retina Specialists (ASRS) Federal Affairs Committee. Dr. Lam also serves on the Board of Directors at the Braille Institute of America and Envision Inc., non-profit foundations established to improve the lives of those with visual impairment. Her research includes macular degeneration therapies, innovations in vitreoretinal surgery, and creating novel technology to aid low vision individuals.
